

# CKLB

5000 WATTS

DAY and NIGHT

DIAL 1350

OSHAWA ONT.

September 7, 1955.

Mr. Maurice W. Nittler,  
Box 94,  
GENEVA, Nebraska.

Dear Mr. Nittler,

We are pleased to confirm reception of our  
Station as mentioned in your letter.

CKLB operates with a day time power of 5000  
watts and temporarily with a night time power of 1000 watts. Work  
is still in progress on the night pattern and when completed, CKLB  
will be 5000 watts at night also.

When we are in operation with a full power of  
5000 watts, we will arrange a special DX program.

Sincerely yours,

THE LAKELAND BROADCASTING CO. LTD.,

William Marchand,  
Chief Engineer.

WM/GA.
