Englewood, Colorado 80110

Dear Bill:

I am most happy to verify your reception of KGAY's IRCA DX Program of Monday, December 8, 1969. Your report covering the time period 12:05 AM to 12:16 AM Pacific Standard Time corresponds with our log.

We were using our 5,000 watt Gates BC-5P transmitter with a non-directional pattern at the time you heard KGAY.

Other reception reports were received from San Rafael, Campbell, Palm Springs, San Jose (2), Modesto, Forbestown, Ojai, and Dimuba, all California; Edmonton, Alberta and Vancouver, British Columbia, both Canada; Warrenton, Oregon; and Scottsdale, Arizona.

Once again, thank you for your reception report which is correct.

Enclosed is a KGAY Coverage Map and a copy of the Silver Dollar Survey.

73,

Al Gordon
Al Gordon
Program Director

AG/klb

P.S.: Also enclosed is your envelope, Bill. The material we are sending would be quite a mess if we were to use that envelope.
