Mr. Bill Nittler
Box 724
Meeker, Colo. 81641

Dear Mr. Nittler:

Thank you for writing with verification that you picked up the KXL AM Radio signal. We recieved an upgrade in our nighttime operational power on Nov. 16th to 10,000 watts. Prior to that we had been 1,000 wattps night and 50,000 day. We also recieved confirmation of our signal in Sweden.

WSB shares the same frequency as we do and with 50,000 watts fulltime, will probably override us.

Again, thanks for writing. It's nice to hear from people like you.
