P. O. Box 112

Dear Mr. Nittler:

Many thanks for your nice letter reporting the reception of our station during the test broadcast of February 27th.

Considering the poor reception conditions and the all-nighter CHML, we were pleased with the more than fifty reports received. Most distant came from Texas.

NRC member Wes Boyd was the engineer for our test this date and we used tapes made by NRCer Jerry Starr of WHOT. Yes, the voice you refer to was mine and I was pleased to recall that we had received a reception report when we conducted a similar test two years ago when we were with WACB in Kittanning.

Our QSL card is enclosed. We hope you will find it to your liking.

Very truly,

A handwritten signature in blue ink that reads "Joe Cooper".
