Mr. Maurice W. Nittler
1755 South Vallejo Street
Denver 23, Colorado

Dear Mr. Nittler;

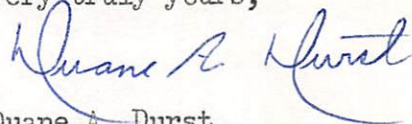

Thank you for your report on reception of WMLP. The information you gave us is correct and I am happy to confirm your report.

WMLP operates at 1380 kilocycles with 1000 watts output power feeding a 152-foot vertical uni-pole antenna system. Our transmitter is located along the Susquehanna River, 660-feet above sea level.

We hope you have the opportunity to listen to our station again. We shall be happy to hear from you again.

Thank you again.

Very truly yours,

Duane A. Durst
Chief Engineer
