January 28th, 1955

Mr. Maurice W. Nittler
Box 94
Geneva, Nebraska

Dear Mr. Nittler:

Just today we received your Air Mail letter stating that you heard our Station WTIL way up there in Nebraska.-

A couple of days ago we also received a letter from a gentleman from Seattle, Washington.-

Indeed we are surprised to know how much one kilowatt travels.-

The song "Take me Out to the Ball Game" that you heard, was our advertisement of our base-ball play-off that's goin to be played in our capital, San Juan, beginning next week between the Santurce and the San Juan teams. Willy Mays is one of our base-ball winter stars.-

Thanks very much for your letter and if sometime you "catch" again our station, please notify.

Yours very truly,

Radio Station W T I L
