SASKATCHEWAN

June 29th/54

Mr. Maurice W. Nittler,
Geneva , Nebraska .

Dear Sir :

I've checked our broadcast log for June 24th and there is no doubt that you heard CKRM sign-off on that date.

Our signal must be fairly good in your area as I've had three others asking for verification in the last month besides yours .

Thank you for your interest and here's wishing you more and better reception .

Yours truly ,
