Dear Maurice,

I guess you have given up hope of having your report verified of the Sept. 7, 1954. Your report was misplaced and I guess I forgot about it....but here is the verification of your report. It was correct and I wish to say we are thanking you very much for sending it. I ~~make~~ our freq. check the first Tues. in every month from 4:45 until 5:00 est. We use Collins Xmitting equip. and General Radio Monitoring Equip. Ant. is a 250 ft. single element....we operate local sunrise - sunset.

Again I wish to say sorry for the delay but better late than never...and if you hear us on again....give us another report.....Thanks again...

Sincerely

James L. Waites
