Dear Mr. Nittler:

We are very pleased to acknowledge your letter reporting receipt of our test signal on the mornings of August 13th and 14th. This information is of great interest to us.

We are certainly happy to hear that our signal was coming in well in Denver and that you enjoyed our programming. We will be, when we get on the air, a 500 watt daylight operation, and as we stated during our tests a country and western music station.

In closing, let us again thank you for your interest and for taking the time to write us. If you should ever be in the Abilene area feel free to drop in for a visit.

Yours truly,

Bill Mathis
Manager (Chief Engineer)
