Dear Bill,

Congratulations, and thanks for pulling in our signal. Wish we had the power to reach into Belen full time. We soon will.

KCWM will be streaming on the internet beginning January 15th at 6 am. A little about our station:

We're locally owned and operated. I bought the station in 1999 and changed the format to classic country. We have 4 disc jockeys here with over 125 years of collective experience. Pretty rare for a station this size, and we're real proud of what we do. If you get a chance, please check it out on the internet. Our website is [kcwm.net](http://kcwm.net), and has all the info.

Thanks,

Mike Carr, GM  
KCWM AM 1460

THANKS BILL
