Dear Sir:

Thank's a lot for your DX report. I guess you will have a "white Xmas" and we wish all the best to you and your's.

This station KDLK is a 250 watt~~er~~ but will soon be 1 KW as we are working on the change now. we have just finished in -stalling new HI-FI audio equipment and it sure makes a difference in the sound.

If you are ever in Texas stop in and we will be glad to show you around. As you know we are on the Mexican border, Del Rio on one side and Acunia Mexico on the other. We have a very mild winter here. our high for today about 76 low last night was 42 and we think it's cold here.

Well thanks again for your report and drop us a line some time.

Very Truly Yours,
