Bill Nittler
Box 824
Mancos, CO 81328

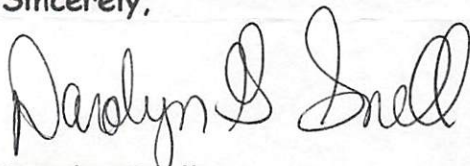

Dear Bill,

We apologize for taking so long to get back to you. We are pleased to be able to verify your reception of our KFLP 900AM. The ad you quoted was for a long standing station advertiser and Tony St. James is our general manager as well as our Farm Director.

The timing of your reception was interesting because on November 5, 2001, 900AM KFLP kicked off a new format, "All Ag, All Day". Our programming is geared exclusively to farmers, ranchers and others concerned with the business of agriculture. To the best of our knowledge we are one of only two stations in the nation that are attempting this format.

We appreciate you letting us know about your reception of our station and wish you all the best.

Sincerely,

Darolyn Snell
Office Manager
