Dear Mr. Nittler,

This is in reply to your letter dated August 31, 1954. According to our station log the two songs you heard were played by this station at the time set forth in your letter. This is to confirm your reception of this station.

K. G. V. L. is located approximately a mile and one-quarter from downtown Greenville. The studio and transmitter are both located in a ranch style building. All of our equipment with the exception of the limiter amplifier and monitoring equipment is composite.

Thank you again for your letter, and if you are ever in this part of Texas, we would be pleased to have you make our station a personal visit.

Yours very truly,
