Dear Maurice:

Glad to hear that we're coming in loud and clear so far away. Yes, it was us that you picked up. Only one mistake you made was in thinking that it was KIXE. However, it certainly is understandable how it would be possible to make that mistake. I got a letter from a fellow club member of yours in Clequette, Conn. That's really booming out there.

Thanks for writing.

Sincerely,

Dennis James, Program Director
