101.5 KROX FM

107.1 KGSR FM

10 March 2003

Mr. Bill Nittler
PO BOX 824
Mancos, CO 87328

Dear Bill,

This letter will confirm your reception of KLBJ on 590 kHz on 27 February 2003.

The programming items and commercials you listed have been checked out with program log for that date and time and were found to be correct.

KJBJ operates with a power of 5000 watts daytime and 1000 watts nighttime. Our antenna pattern is non-directional days, while our nighttime pattern is four-tower directional directed mostly north-northwest. We operate on a 24-hour, seven day schedule.

Thank you for your report and the best of luck in your DX endeavors.

Sincerely,

James Henkel
Technical Director/KLBJ-AM
