Dear Mr. Nittler,

This is to verify your reception report on September 2, 1985.
KMIA is a 50,000 watt daytimer with a directional pattern mainly
east and west. We operate with 1,000 watts after sunset.

KMIA is owned and operated by Command Broadcast Associates of
Texas, Inc. which is a sister corporation of Command Broadcast Associates
which operates WADO in New York.

Thanks for your report,

Duane A. Sedge, engineer
KMIA Radio
