Maurice W. Nittler
1755 South Vallejo
Denver 23
Colorado

Dear Mr. Nittler:

This is to verify your reception report of April 9, 1962.

This is a very unusual situation as we are operating under low power (1000 Watts) at this time.

Normal night time pattern is Southeast.

Days we broadcast generally Northwest-Southeast at 10,000 watts

Thank you for your interest.

Sincerely,

Mike Hoey
Program Director
