and General Manager

November 25, 1961

Maurice W. Nittler
1755 So. Vallejo St.
Denver 23, Colorado

Dear Maurice:

Thanks for your letter regarding your reception of KNOW in Denver, Colorado. We were, of course, pleased to learn that our signal could be picked up that far away, since KNOW is only a 250 watt station.

After checking our log for the morning of November 20, 1961, I can verify your reception. The information was logged exactly as you recorded it.

Congratulations for a good job...and lots of luck in picking up other stations.

Sincerely,

Dick Laine
