Dear Mr. Nittler:

Your report is correct as received. I went on the air about 5 minutes til 2 am and signed off at 2:31 am. I appreciated getting your report and I enjoy helping hobbyists in their endeavors.

I got 4 reports from California (the fartherest point), but none from the East.

Enclosed is a coverage chart of KOKE AM for your files. KOKE has just increased its FM power on 95.5 Mc., if you're interested in FM DX during skip season.

Happy New Year!

Sincerely,

John Furr
