Dear Mr. Nittle:

Thank you for your report of reception of KOLJ on the morning of November 25, 1957. The items of reception you report are in check with our program log for that morning.

We are very pleased to know that our station is being heard at such a distance. That is a very good record for a 500 watt station.

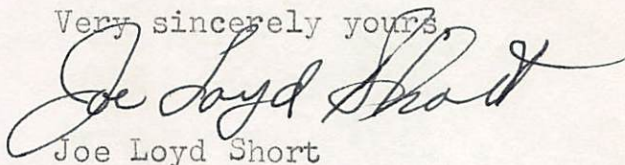

Your brother, Francis, also reports reception of KOLJ last Monday morning at about 4:15 A. M.

We do appreciate your interest in writing us about your reception of KOLJ. Please let us know every time you can tune us in.

Another member of National Radio Club from Omaha, Nebraska, Mr. Marvin E. Robbins (7805 Woolworth Ave., Omaha 14.) reported reception in his city on the afternoon of November 23, 1957.

Once again, thanks for your letter.

Very sincerely yours

Joe Loyd Short
