Dear Bill,

Thanks a lot for your letter. It's great to know that you're picking us up at so great a distance. Sorry that this letter is so late in getting to you, but we are going through a lot of re-organization with new owners and management.

Anyway, your report on our station is indeed valid. Our program logs verify that you heard the correct commercials, music, etc.

Back when I had time to listen to the radio (before I became the PD here) I would spend a lot of time on the shortwave bands. I never considered listening into the broadcast bands. I'll have to try it sometime.

Well, thanks for your letter, and yes, our logs do show that you heard our station around 7:30 PM on Sept. 26, 1978 on 1490. By the way, we were at that time operating on 250 watts.

Yours truly,

A handwritten signature in cursive script that reads 'Mike'.
