

RADIO 1580

10/10/74
Sam Teaff
KRZI Radio
Waco Texas 76710

Dear Bill Nittler:

As the new chief engineer of Krazy Radio I must apologize for the long delay in answering your DX letter. The preceding engineer was just toowrapped up in work to answer DX letters

Your reciever works well as according to your report I must confirm your reception of KRZI on 2/18/74. Their are no flaws in your logging that I can find. Congratulations!

Happy DX'ing and 73's? I think thats what you say.

Sincerely Yours,

sam teaff -chief engineer

P.S. Enclosed is a start to a study far more interesting than radio and more importantly offering the most preacious gift in the universe. But time is short. And don't doubt what you read untill you can prove it wrong. For there were people that refused to consider Marconi's discovery of invisible radio waves, why they couldn't see them so they didn't exist. But had they staked their lives on their shortsighted assumption they would have died. In this matter our lives are at stake.
