Dear Mr. Nittler:

Please excuse our delay in answering your letter of October 27.

We are very happy to learn of your receiving our signal there, and this letter will confirm your receiving our programs as you stated in your letter. The announcer is Carroll Wynn, rather than Harold Wynn.

I spent four months in Columbus, Nebraska, from September 1949 through January 1950. I well remember those 22° below zero mornings while walking to ~~KJ~~SK in Columbus.

Sincerely yours,

  
Jack R. Reeves
