

Radio Station KTFW
7037 Sanger Ave.
Suite A
Waco, TX 76710

Dear Radio Friends:

I am very pleased to report reception of your radio station in Mancos. The following is what I was able to log on your signal:

Date: January 20, 2003 Time: 5:30 P.M. CST Frequency: 1460 Khz.

Details heard

5:30 P.M. CST news featuring stories about accident in downtown Ft. Worth at Radio Shack site and Dale Taylor's retirement from Granbury Schools.
5:33 "I'm Richard Adams in the KTFW studios. Ad for McGraw Chevrolet and an Irrigation Supply.

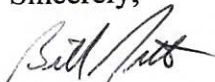

Your signal was fair at first but then faded beneath a Mexican station. My receiver is a Drake R8-A using a 125' long wire antenna.

Would appreciate it very much if you would send me a card or letter of verification on my reception of your station. I have enclosed a self addressed stamped envelope for your convenience replying. Thank you very much for this favor.

Mancos is located in Southwest Colorado between Cortez and Durango in the Four Corners area, the Gateway to Mesa Verde National Park.

Will be looking forward to hearing from you soon. Good luck to you in your future broadcasting activities.

Sincerely,

Bill Nittler
