Mr. Maurice W. Nittler  
Box 94  
Geneva, Nebraska

Dear Sir:

Thank you very much for your DX report. We are pleased to learn that we put a good signal 'way up there on August 26.

A possible, partial explanation for the improved reception at this time might be the fact that our ground system is once again fairly well wet down from some recent rain showers ... it has been very dry here, as you no doubt know, which has an adverse effect on a station's transmission potential.

We were glad to receive your report, and hope to hear from you again sometime.

Very truly yours,

*Dick Aker*
