Mr. Maurice W. Nittler,
Box 94,
Geneva, Nebraska.

Dear Maurice:

This will confirm that this station was on the air for frequency check on the morning of April 18 between 4:45 and 5:00 PM. We were modulated with a tone signal and gave the station call every few minutes to identify us to the checking station.

KUNO is a 250-watt local station and we are very glad to get reports such as yours. They mean that we are transmitting with a good signal when we reach to Geneva Nebraska.

Many thanks for your report and sincerest good wishes, we are,

Cordially yours,
