KVIC BROADCASTING COMPANY

POSTOFFICE BOX 725 + VICTORIA, TEXAS

January 23, 1953

Dear Mr. Nittler,

This will confirm our frequency test transmission Tuesday morning, January 19th from 4:15 to 4:30 a.m.

Our station is 250 watts using Western Electric equipment, quarter-wave grounded antenna, omnidirectional.

Shickley, Nebraska is a long way for us !

Thank you.

Sincerely,

Vic

Victor Boldt,

Chief Engineer
