Dear Sir,

This letter serves to verify your reception of KVII on January 23, 1967 between 1840 and 1925 CST.

We appreciate your IRCA report of our signal.

Hope your weather is warming up some.

KVII operates on a frequency of 1010 khz, directional antenna both day and night, with a daytime power of 5000 watts, and nighttime power of 500 watts.

Thanks again for your report.

Ken Skelton, Engineering Department
