Dear Radio Friends:

I am very pleased to report reception of your radio station in Belen. The following is what I was able to log on your signal:

Date: February 1, 2008 Time: 5:59 P.M. CST Frequency: 890 Khz

Details heard on signal: 5:54 P.M. CST singing in, I assume, Vietnamese.
5:59 Identification in English "This is Radio Saigon KREH Pecan Grove/Houston, KXTV Mabank/Dallas-Fort Worth" This was repeated in Vietnamese and then music resumed.

Your signal was very clear when I tuned in but began getting Spanish interference, probably from Laredo, TX.

My receiver is a Drake R8-A using a 250' long wire antenna.

Would appreciate it very much if you would send me a card or letter, or Email of verification on my reception of your station. I have enclosed a self addressed stamped envelope for your convenience in replying. Thank you very much for this favor.

Belen is located 30 miles south of Albuquerque on I-25.

Will be looking forward to hearing from you soon. Good luck to you in your future broadcasting activities.

Sincerely,

Bill Nittler
