Dear Mr. Nittler:

Received your letter recently concerning the Nightwatch Program on W F A A 820 The night of January 3rd this year.

This letter will verify the fact that my program was indeed the one you listened to, and will also serve to thank you for your nice words about it. We here at the station are always happy to hear from National Radio Club members and are also happy to hear that reception on the program was good.

Hope you have a chance to listen often.

thanks again:

Cordially
