*Power Where the
People Are*

Dear Bill;

I was very pleased to get your signal report. We have recieved several nice signal reports. This letter will confirm your reception report.

KBXN is a new station in Tremonton, Utah. We began broadcasting on January 26th 1982. We are a daytime station and operate with 5000 Watts of power during the daylight hours and 500 Watts from 6:00 A.M. until sunrise.

Once again thanks for your wonderful report and keep listening!

With best regards,

Bill
