Dear Mr. Nittler,

You heard right. Sounds like you did indeed pick up Classic Kickin' Country KCIN over there in Mancos. Kind of amazing, isn't it?

I'm Program Director of one of KCIN's sister stations; Classic's P.D. is away on a brief vacation.

I'll pass your letter on to him, but wanted to get your confirmation to you a.s.a.p.

The format is Country Oldies and it's been such since about mid June; great community response.

It's all satellite utilizing the Jones service out of Denver.

I've been to Mancos before; used to pass through your area often traveling from New Mexico to Salt Lake in the '60's, over Wolf Creek Pass and on through Durango. Lovely drive, and Mesa Verde is great.

Sincerely,

Steve Miner
