Dear Mr. Nittler,

November 24, 1998

Thank you for your letter. It was happy news to me. It is nice to know we re being picked up in Colorado especially when were powering down. If you ever pick us up around 7 or 8 PM MST please let me know.

I think it is awful that we can t go up more so that a station in another country can broadcast into ours, but I don t make the rules. We are currently KIQN, formerly KTUR. We are a news format but do some syndicated talk and are planning some fun programs once we move into our new studios.

I wish I had a bumper sticker or something to send you but right now we are under new ownership and have yet to get those things. Please drop me a line next time you pick us up.

Sincerely,

A handwritten signature in black ink, appearing to read "Chris Wilde", is written over the word "Sincerely,".
