UNION PACIFIC BUILDING, SALT LAKE CITY 1, UTAH

ENGINEERING DEPARTMENT

October 28, 1954

Maurice W. Nittler
Box 94
Geneva, Nebraska

Dear Sir:

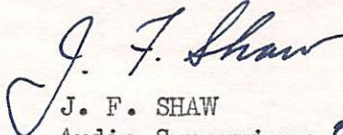

Thank you for your letter of October 26th. We appreciate comments from our listeners regarding reception conditions.

KSL has been heard in all parts of the United States. Sometimes reception has been excellent and sometimes it has been poor depending, of course, on the time of year, locations, local reception conditions, etc. KSL has also been picked up at various times in foreign countries located thousands of miles away from our transmitter.

The fact that KSL has 50,000 watts plus a clear channel, enables us to supply service to millions of people that we otherwise could not give.

Thank you again for your comments.

Very truly yours,

J. F. SHAW
Audio Supervisor *e*
