Your Music and News Station

STUDIOS AND OFFICES SECOND FLOOR THE DENNY BUILDING

Second and Alder
WALLA WALLA, WASHINGTON

March 11, 1958

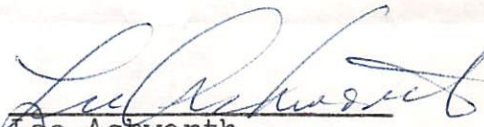

Mr. Maurice W. Nittler
2818 S. Cherokee
Englewood, Colorado

Dear Mr. Nittler:

We were very pleased to receive a signal report from your area. Our log for February 24, 1958 agrees with your report.

Our equipment is all Gates. A BCIJ transmitter delivers 1000 watts to a 200-foot vertical tower. KHIT is a non-directional, daytime only operation.

Sincerely,

Lee Ashworth
Chief Engineer, KHIT
