Dear Mr. Nittler:

Thanks very much for your reception report of KIRO on 710 Kc. KIRO is a 50 KW station using a 2 tower directional array giving protection to a station in New York. Our transmitter is located on Vashon Island which is an island in Puget Sound running south from Seattle to Tacoma.

The tone you refer to is used in connection with the Conelrad Alerting system. We broadcast this tone on alternate weeks from midnite to 6:00 AM.

Yours truly

James G. Upthegrove
Chief Engineer
KIRO-Radio.
