Maurice W. Nittler  
Box 94  
Geneva, Nebraska

Dear Sir:

I am very happy you heard us the other evening during our election returns. We would like to confirm for you the fact that we were on 1360 kc's at a power of 5,000 watts. I imagine the time you picked us up we were on a clear channel.

Thanks again for the report.

Very truly yours,

*Roger Mueller*
