Maurice W. Hittler
Geneva Nebraska

Dear Sir:

I just received your card the other day, apparently you wrote a letter before, but somehow it must of got lost as I didnt see any letter in the mail box for the engeering dept.

In regard to you receiving our station at your specified time it is correct, as that is the title of the pgn. and it was on the air at that time.

Your might be interested to know that our transmitter is an RCA 5KW. BTA-5, we dont get very many listeners reports, am glad to know that our signal is getting out to Nebraska.

Yours Truly

Carl G. Williams
Eng. Dept. WDSM
