Dear Mr. Nittler:

Thank you so much for your reception report on WPLH for March 28, 1955, on 1470 KC. Your report was accurate and correct.

May I especially add my thanks. As my home and my parents are located in Marysville, Kansas, I always like to know that it is possible for our station to be picked up out that way.

My brother, Andy Grauer, has recently started a remote station for KWBE in Marysville, Kansas. I'm sure your familiar with this Beatrice station.

May I again thank you for your very nice report. WPLH is always glad to receive the nice letters from the National Radio Club Members.

Regards,

Huntington Broadcasting Corporation
