NEWCASTLE BROADCASTING CO.

NEWCASTLE, WYOMING

May 11, 1955

Maurice W. Nittler
Geneva, Nebraska

Dear Mr. Nittler;

Glad to hear from you on your DXing us. The signal you heard was our regular monthly frequency check with Kansas City. Your heard correctly...March 16, 1955.

Station **KASL** is Gates "all the way" except for Rust Remote Control; Transmitter 250GY, antenna 150 feet, (153 feet overall)

Newcastle is in an ideal location in northeastern Wyoming, on U.S. Highways 16 and 85, the Western Gateway to the famous and beautiful Black Hills of South Dakota and Wyoming. Elevation is about 4000 feet.

Sorry we did not receive your first report.

Sincerely,

Roy D. Schmidt, Ch Engineer
