Dear Bill:

Thank you very much for your letter. This is to confirm that your reception was that of KCGO, as we were conduction equipment test.

Being a member of the International Radio Club of America, I would like to invite you to tour our studios if you should ever be in Cheyenne, as we have one of the nicest, and newest plants in the entire Rocky Mountain area.

Once again, thanks for your letter, hope you will listen when we go full time in about one week.

Sincerely,

A handwritten signature in cursive script that reads "Jerry Hale".
