Hello, Bill!

We were pleased to receive your letter asking for a QSL. It's nice to know we can get that far (at least with a good receiver!).

This is to confirm that you did indeed hear KOJO Radio, 1490am, on the evening of November 30, 1975. In case you are interested, you were listening to John Shea, DJ. Our format is country.

We hope you tune in now and again, and let us know how your reception is! Hope to hear from you again.

Sincerely,

Carol
