Dear Bill:

Thanks for your recent accurate report of the test transmissions we recently made. This letter is to confirm your reception of radio station KOWB on February 19, 1968.

Wonder if you have ever heard our programming during the day?

You were one of the few listeners who was able to get a really decent copy on us; most of them could just barely make out the CW ID's, and that was all.

Would like to pass my regards to the IRCA members. Any chance you could get them to print the enclosed note in their next Monitor?? (Any chance I could get a copy of it? I'd like to see some of the comments).

If I can ever be of further service to you or your club, please let me know.
