Maurice W. Nittler

Box 94

Geneva, Nebraska

Dear Maurice,

Your reception of KSPR on the morning of December 5, 1956 is hereby verified.

Sorry we flubbed on not notifying you of your receiving our signal the first time you asked for it. We have been in quite a rush around here in building a new radio plant and with the receipt of a TV permit lately an addition to it now of TV quarters. It will be the finest Radio-TV plant in quite an area.

Thank you for your letter.

Yours in Radio

H. Arthur Brink

Morning Engineer-  
Announcer.
