Englewood, Colorado

Dear Maurice,

It is with great pleasure that I verify your reception of radio station KYCN in Wheatland on the morning of Monday December 9th from 12:15 to 12:20

Thank John Beer for calling our test to your attention for me. I really enjoy getting each new DX report and have been keeping a file of them as they are received.

Its a rarity to get a report from Colorado--I suppose since KDEN operates 24 hours in Denver not too many from down there try 1340kc.

Thanks again for your report, Maurice. It was a pleasure hearing from you.

Cordially,

Chief Op.
