

July 14, 1993

Mr. Bill Nitter
Box 824
Mancos, CO 81328

Dear Bill:

Thanks a lot for your DX letter of July 12th. It seems that you did indeed receive our station on July 6th. The programming you mentioned hearing would identify WTVY-FM.

WTVY-FM operates with an effective radiated power of 100,000 watts. The tower 1,265 feet above ground from a fourteen bay Harris antenna and a 25K transmitter. The transmitter is operated by remote control from our studios and offices, newly acquired, six miles away.

Thank you so much for letting us know you received our signal.

Sincerely,

A handwritten signature in blue ink that reads "Oscar Lanman".

Oscar Lanman
Chief Operator
