Dear Mr. Mancos:

We were pleased to hear from you although I'm a little surprised our listening area extends so far.

This letter will confirm your reception of our station, KHLS-FM, located in Blytheville, Arkansas. We are a 100,000 watt stereo FM, located at 96.3 on the dial. Blytheville, as you may know, is located in Northeast Arkansas. Our standard listening area includes Northeast Arkansas, Southeast Missouri and West Tennessee, including Memphis. Now, we can include Southwest Colorado!

Thanks again for writing and good listening!

Best Regards,

Ed White
