Dear Bill,

Thanks for the letter. Yes it was us !

It's truly a small world. I used to live in Gallup, New Mexico and I have visited Durango, Cortez and Mesa Verde several times. Before I moved here I worked for KTNN radio in Window Rock, Arizona. I am sure can pick it up at night (or day or both) in your area. (660 am)

Thanks for the line, if you'r ever down this way plan to drop by for a visit. And what is "sporadic skip"?

Thanks again, I am putting the letter up for the staff to read and enjoy.
