

93½ fm

January 29, 1979

Bill Nittler
603 W. 1st
McCook, NE 69001

Dear Mr. Nittler:

I have verified your reception of our program material (1-25-79, 18:59 PST) against the station program log.

KFOX is a Class A 3KW FM Stereo Broadcast station operating on 93.5 MHz. Our transmitter is a Télétronics FM-3 designed and built by Jim Lawrence. We are licensed to broadcast 24 hours a day. KFOX is fully automated (IGM Model 500) having only a single studio where all of our aired program material is produced on tape.

Among the 70 plus broadcast stations in the Los Angeles area, KFOX is pleased to be among the elite few California FM broadcast stations whose signal has been received by you.

Sincerely,

A handwritten signature in blue ink that reads "Nelson Dearborn".
