Mr. Bill Nittler  
PO Box 824  
Mancos, CO 81328

3 November, 1995

Dear Bill,

We are in receipt of your letter requesting verification of your DX contact with our station, KNJO Thousand Oaks at 92.7 MHz, on July 5, 1995 at 5:43PM.

Your information indeed agrees with records of that days broadcasting, and please accept this letter as confirmation of your contact.

I can identify with your thrill in DXing, as I used to be an active Radio Amateur Operator, and I enjoyed DXing on the six meter band. I know the thrill of making a contact halfway around the world just using a good beam antenna, low power, and a lot of luck with skip conditions. Have fun, and if the station had QSL cards I would send you one. To my knowledge you are the first to request conformation here at KNJO.

Sincerely,

A handwritten signature in black ink, appearing to be 'DM', with a long horizontal line extending to the right.

Dave Mandelbaum, Chief Engineer
